## Stay Safe!

We request that all parents, or those designated to bring children to and from school, wear a mask or face covering while on the school site or waiting to enter the school site.

It is vital that we all play our part in keeping everyone safe and COVID free at our school. Please remember to maintain social distancing at all times while queuing or waiting on the school site.

Please do not congregate on the school site, once you have collected all of your children, exit via the one-way system. This also refers to gathering around the school gates; this must not happen as it impedes others safely accessing the school.

Please **phone** or **email** the school office with any urgent messages. This will avoid any congestion or breaking of social distancing rules.
